A multi-functional strong system combining clean lines with extreme strength, the classic aluminium frame work, together with the solid grade compact laminate panels is ideal for all wet and dry and extra demanding environments.

Sports, leisure centres, public facilities and schools are demanding environments, therefore the Classic Range's rigid framed construction makes it fully equipped for this type of application.

| SPECIAL FEATURES

- Aluminium Vertical support posts fixed directly to the floor, pilaster and headrail delivering extra strength & durability from the ground up
- Clean lined system with minimal cavities making it easy to clean
- Full length aluminium channels at wall junctions
- Available in antibacterial panel providing a safe environment
- Added lateral rigidity is provided by a continuous aluminium head-rail mounted to the vertical support frames and panels
- Flexible design and configuration
- Hardware: High quality & robust brushed stainless
- Special rebated aluminium vertical posts for the doors & pilasters for providing total privacy

| CLASSIC COMPONENTS

- Aluminium Headrail - anodised / powder coated finish
- Aluminium Wall Channel - anodised / powder coated finish
