The Urban Flush Front Range is a genuine premium quality system offering a sleek flush fronted facade in a simple but effective and robust design.

The sleek in-line design of the Urban cubicles makes a clear statement. A statement many commercial property owners now demand and is something that Urban cubicles can achieve with surprising affordability and design. The flush surface appearance is achieved with a different design of pilaster edging rebated to run in line with the doors edging which creates the impressive flush front facade with total privacy.
